

# Katie Slivensky

## Children's Author and Science Educator

*Katie Slivensky is amazingly knowledgeable about just about everything, and a true joy to have as a guest speaker!*

-Kate Moore, 5th Grade Teacher, New Jersey

*I really liked the presentation that Katie Slivensky did. She talked to us like a normal conversation. It was really exciting and fun the whole time. She is an amazing author and super awesome! She even did a few experiments and taught us about force and motion. She is unbelievable!*

- Olivia, 5th Grade Student, Michigan
